

Dr. HAY Ly Eang – Penh House and Confirel Founder

Pizza Prahok: An Audacious Fusion of Cambodian and Italian Flavours.

Confirel transformed **Prahok** – a fermented fish paste – into **Prahok Powder** through a innovative process. It better adapts to modern Western, Asian and Cambodian cuisines, bringing a different and authentically Khmer taste to all form of preparations.

Some are paired with **Prahok Ktiss**, a rich and creamy sauce made with coconut milk, palm sugar, lemongrass, kaffir lime, and chili, it delivers a harmony of bold, savory, and subtly sweet flavours.

Today, these intense Cambodian flavours meet the world of Italian cuisine in **Pizza Prahok**, unique creations where the crispy pizza crust is topped with Prahok Powder or Prahok Ktiss, as well as the finest ingredients. A subtle balance between tradition and innovation, these dishes invite you to discover Cambodian gastronomy like never before.

Confirel's **Pizza Prahok** is more than just pizzas, it is a celebration of heritage, creativity and culinary adventure.
